- **AI5AI-Don** : Good Night everyone from Texas!!! 73
- **AI5AI-Don** : I understand. same here!!
- **W4IOD-0dis** : I am fighting autocorrect on this phone and I am going to have to stop using it for chat ☹
- **W4IOD-0dis** : Sorry Don my fingers have here own mind but you get the jest of it.
- **W4IOD-0dis** : WiresX software ignores it when there is no header information you can here it local but it will not go out on WiesX
- **W4IOD-0dis** : It will not work here because it has no header packet
- **W4IOD-0dis** : I would like to know if they are on WiresX and how that is being done?
- **AI5AI-Don** : Several people here in Waco use the M1KE om TXNX
- **W4IOD-0dis** : HowDEE Don ☹
- **AI5AI-Don** : Hello everyone from Texas 12/1/2025 And howdee Otis!! great to see you here!!

- **K9EQ-Chris** : OTA. Hello all!
- **AI5AI-Don** : 73 all
- **N0PXT-Shane** : Don, I'm glad you got a hold of him.
- **AI5AI-Don** : Hello Shane! Thank you for helping me last week. I did get in touch with him!
- **N0PXT-Shane** : Hi Don!
- **AI5AI-Don** : Hello everyone from Texas
11/17/2025
- **K9EQ-Chris** : GE What subjects would folks like to hear about?
- **W4IOD-Odis** : Hello Don, you may contact me via the email address listed on QRZ as it is correct and verified as of 11/11/2025, so yes, I am good on QRZ. My email address is: my callsign@arrrl.net
- **N1JUXKevin** : I think I'll believe someone who has lived with each innovation Chat GPT was very convincing ☐ thanks!
- **W0TJW - Terry** : 73

- **AI5AI-Don** : 73 everyone from Texas
- **W0TJW - Terry** : Great net tonight Chris.
- **N1JUXKevin** : The scary thing about asking GPT is the person asking believes the answer song and verse... and non other knows anything ☐
- **N0PXT-Shane** : <https://www.kenbak.com/>
- **N1JUXKevin** : Chat GPT came back with Altair if you believe with out knowing ☐

▪ **N0PXT-Shane** : LOL

▪ **N1JUXKevin** : Texas Instruments calculator ?

▪ **N1JUXKevin** : I lose

▪ **N1JUXKevin** : Eniac ☐

▪ **N0PXT-Shane** : My first computer was the Commodore 64

▪ **N1JUXKevin** : TRS 80n Trash 80 i had one

▪ **N1JUXKevin** : I almost followed the instructions:) N1JUX/Kevin.

▪ **N1JUXKevin** : Kris's thanks!

▪ **N1JUXKevin** : 2016 router it does feel good to reset it. Spectrum is my provider. Thanks for taking the time to answer

▪ **AI5AI-Don** : Thank you Shane

▪ **N0PXT-Shane** : Thanks

▪ **AI5AI-Don** : Yes

▪ **N0PXT-Shane** : Don, I'm asking him now. Is your email good on QRZ?

▪ **AI5AI-Don** : Odie's email is not good on QRZ. How else can I get in touch with him?

▪ **AI5AI-Don** : Okay! Thank you!

▪ **N0PXT-Shane** : Don, you can send Odis an email and let him know that. He would appreciate it.

▪ **AI5AI-Don** : Okay! What about Odis? I have not heard him on the net for a ling time. I pray he is okay!!

▪ **N0PXT-Shane** : Chuck just got home late from a long drive and was exhausted.

▪ **AI5AI-Don** : Where are Chuck and Odis?

▪ **AI5AI-Don** : Hello from Texas 11/10/2025

▪ **K9EQ-Chris** : Hello

▪ **AI5AI-Don** : 73 everyone

▪ **AI5AI-Don** : Hello everyone from Texas 11/03/2025

▪ **K9EQ-Chris** : Here again. First week of the month so everyone can check in.

▪ **w0ras** : Y0u guys skipping me or cant hear me?

▪ **ai6mh** : Just a word of caution. Given the US Government shutdown and the FCC immobilization, AR licenses are not renewable. I erred on the tardy side so I will not be keying any transmitters until congress agrees to do the job we sent them to Washington to do. I have changed the radio call signs for this net to my wife's call sign. w6lkn is still licensed.

▪ **AI5AI-Don** : Hell of an echo on him

- **W4IOD-Odis** : Good evening all 4/28/2025
- **KC9IL-Warren** : Oh well, good night all.

- **KC9IL-Warren** : I wonder if I got disconnected from the "real" sheet somehow.
- **W4IOD-Odis** : Everyone have a good evening and stay safe 73 de W4IOD SK
- **KC9IL-Warren** : But not seeing the chat feature in any of them.
- **KC9IL-Warren** : I'm seeing all the other documents shared with me, including prior weeks' MNWis sheets.
- **K9EQ-Chris** : Really. We'll we're going to blame it on Google and demand a refund.
- **KC9IL-Warren** : Just tried on my Mac laptop. Same issue.
- **AD0MI-Pete** : I'm going to blame Google.
- **K9EQ-Chris** : Okay. How about you use another computer or your phone.
- **KC9IL-Warren** : No help. I cleared cach, shut down the broswer and came back in. No change.
- **KC9IL-Warren** : I'm going to clear cache and come back in
- **KC9IL-Warren** : yes, the correct date is at the top
- **K9EQ-Chris** : Do you see the date at the top?
- **KC9IL-Warren** : I'm in the sheet. Just not seeing any activity in it.
- **K9EQ-Chris** : The important thing is to flush old data.
- **K9EQ-Chris** : When you get to the spreadsheet, what does it say? Do you see the current date and the last three callbacks?
- **AD0MI-Pete** : maybe sign out of Google and then sign back in?
- **K9EQ-Chris** : There is no evidence you ever opened the spreadsheet.
- **AD0MI-Pete** : negative
- **KC9IL-Warren** : Did you see my "good evening" comment?

- **K9EQ-Chris** : When things go strange, I find that refreshing the page helps. You may want to do a refresh on the GDrive page. Possibly the link is pointing to the wrong place.
- **AD0MI-Pete** : I see Chuck, Odie, and Shane okay.
- **AD0MI-Pete** : Google being Google maybe?
- **KC9IL-Warren** : Well, I'm stumped.
- **AD0MI-Pete** : I don't see you either, Warren
- **KC9IL-Warren** : I'm in the 2025-04-21 version.
- **K9EQ-Chris** : ...- ...- ...-
- **AD0MI-Pete** : hello.
- **K9EQ-Chris** : We're all there. Perhaps you have the wrong spreadsheet. 2025-04-21.
- **KC9IL-Warren** : Shared by Chuck Howard, last modified at 7:44 PM
- **KC9IL-Warren** : I'm in the sheet, but not seeing any activity in it, nor the chat window. I logged out of Google and back in, but no change.
- **W4IOD-Odis** : Ok I can't help you then
- **KC9IL-Warren** : I'm in the April 21, 2025 Version of the Fusion Checkins file.
- **W4IOD-Odis** : Warren trust me when I tell you this no you are not.
- **KC9IL-Warren** : I'm in the correct worksheet, I think.
- **KC9IL-Warren** : Not seeing the usual icon for chat
- **W4IOD-Odis** : Warren your not in the right place.
- **W4IOD-Odis** : HowDEE Don ☐
- **W4IOD-Odis** : Soory Warren it is there
- **KC9IL-Warren** : Good evening all. Not seeing the chat window in the Google Sheet tonight.
- **AI5AI-Don** : Hello eveeveryone from Texas

04/21/25

- **K9EQ-Chris** : There was an issue with the Wires-X software. It had decided to refuse to communicate on any port. Restarting the software solved the problem.
- **W4IOD-Odis** : The MNWis room is up and operational as of 00:19 UTC 4/22/2025
- **W4IOD-Odis** : Good evening all 4/21/2025
- **K6DJB** : Hello. I have been trying to connect per wires-x but it is saying no answer. Is the nose down?? I have always been able to access. Thanks!

- **AI5AI-Don** : We have moved our nodes back to the Texas Nexus. Everyone have a good week! 73
- **N0PXT-Shane** : Yes, the Main server is not able to connect on all the ports. Chris is currently looking into it.
- **AI5AI-Don** : They are having problems!
- **K00QL-Joel** : Net?
- **K00QL-Joel** : Net?
- **AI5AI-Don** : We have 3 nodes that are showing the same thing
- **AI5AI-Don** : Hey guys. We here in Waco Texas are getting "no answer from server pc" we also show only 12 people in MINWIS.

- **KD9GVS Rick** : Appears MNWis is not the only room that is down.....
- **AI5AI-Don** : Wow!! I'll stick by for a while
- **K9EQ-Chris** : Probably no MNWis for the rest of the day, and maybe part of tomorrow.
- **AI5AI-Don** : NOT
- **AI5AI-Don** : Gota Love Windows!!!!
- **W4IOD-Odis** : Please stand by it is a continuous reboot loop with Windows failing to load.
- **AI5AI-Don** : Thanks Odis
- **W4IOD-Odis** : HowDEE Don yes the server is rebooting
- **AI5AI-Don** : All three nodes are down!!!!!!
- **W01VES-Brian** : Same here in Massachusetts. I lost connection to MNWis just as the net was starting.
- **AI5AI-Don** : MNWis is dead in Waco Texas

▪ **AI5AI-Don** : Happy New Year to everyone from
Texas!!

▪ **AI5AI-Don** : Missed me. Felix doubled with me.

- **KC9IL-Warren** : Found it. Had to do a search for FusionCheckins
- **K9EQ-Chris** : It is there. Perhaps the cache for that page is not getting updated. When I have this problem it is **always** because the page had old data.
- **KC9IL-Warren** : I signed out and back in again. Still no joy.
- **K9EQ-Chris** : The year doesn't make any difference. It's there. You may need to refresh the page or close it and start again.
- **W0TJW Terry** : Thanks Chris
- **KC9IL-Warren** : Maybe the 2025 version was not shared with me. I had the same problem with my NS9RC net logger file.
- **K9EQ-Chris** : BTW, you're the first to comment.
- **K9EQ-Chris** : Yes, I know. I have an FTP vs. SFTP problem that needs to get fixed.
- **W0TJW Terry** : The Live data doesn't appear to be updating. The data is from September 2024
- **W4IOD-Odis** : Bottom right
- **KC9IL-Warren** : I'm not seeing a version for today, just last week's.
- **K9EQ-Chris** : It's there. You may need to refresh you screen.
- **W4IOD-Odis** : Yes we are there Warren
- **KC9IL-Warren** : No Google spreadsheet tonite?
- **K9EQ-Chris** : Hello
